## CONCUSSION

### CODE OF CONDUCT FOR Coaches & Team Trainers

#### **I can help prevent concussions through my:**

- Efforts to ensure that my athletes wear the proper equipment and wear it correctly.
- Commitment to fair play and respect for all (respecting other coaches, team trainers, officials and all participants and ensuring my athletes respect others and play fair).

#### **I will care for the health and safety of all participants by taking concussions seriously. I understand that:**

- A concussion is a brain injury that can have both short-and long-term effects
- A blow to the head, face, or neck, or a blow to the body may cause the brain to move around inside- the skull and result in a concussion
- A person doesn't need to lose consciousness to have had a concussion.
- An athlete with a suspected concussion should stop participating in training, practice or competition immediately.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion.
- Continuing to participate in further training, practice or competition with a suspected concussion increases a person's risk of more severe, longer lasting symptoms, and increases their risk of other injuries or even death.

#### **I will create an environment where participants feel safe and comfortable speaking up. I will:**

- Encourage athletes not to hide their symptoms, but to tell me, an official, parent or another adult they trust if they experience any symptoms of concussion after an impact
- Lead by example. I will tell a fellow coach, official, team trainer and seek medical attention by a physician or nurse practitioner if I am experiencing any concussion symptoms.
- Understand and respect that any athlete with a suspected concussion must be removed from sport and not permitted to return until they undergo a medical assessment by a physician or nurse practitioner and have been medically cleared to return to training, practice or competition.

**For coaches only:** Commit to providing opportunities before and after each training, practice and competition to enable athletes to discuss potential issues related to concussions.\*

**I will support all participants to take the time they need to recover.**

I understand my commitment to supporting the return-to-sport process.\*

I understand the athletes will have to be cleared by a physician or nurse practitioner before returning to sport.

I will respect my fellow coaches, team trainers, parents, physicians and nurse practitioners and any decisions made with regards to the health and safety of my athletes

<b>By signing here, I acknowledge that I have fully reviewed and commit to this Concussion Code of Conduct.</b>
